LATH HOUSE STORAGE

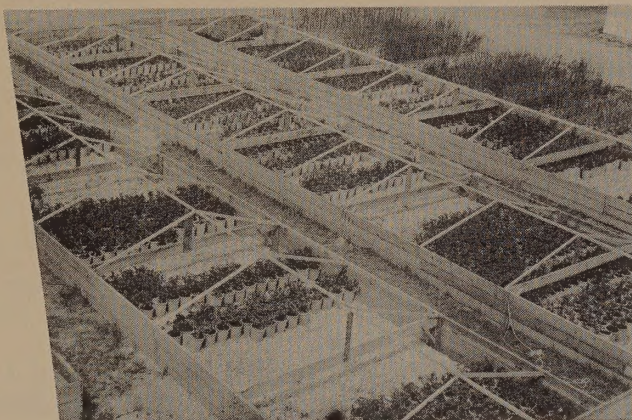

We have been especially pleased with the results of storage in this area.

It is used primarily for healing in of all B&B Evergreens which are kept on hand during the busy shipping seasons.

All B&B stock, both Evergreens and Deciduous, is immediately placed inside this Lath House as soon as it is dug from the fields. This type of operation assures our customers of stock in first class condition at all times.

POTTED ROSES

Our success in supplying our many customers with Potted Roses is truly an amazing one. We purchase only the No. 1 grade from one of the best grower's in California.

Careful shipping, storage, and potting assure top quality that will command a good retail selling price by you.

POTTED NURSERYSTOCK

As the photo below indicates, we pot up quantities of Shade Trees, Fruit Trees, Flowering Shrubs, Boston Ivy and that always popular seller Clematis.

This stock is leafed out and available for shipment in the spring of each year starting May 1st.

SHADE TREES

We are growing all of the better varieties of Honeylocust, Maples, Flowering Grabs, etc. All stock is well spaced, transplanted, and dug by our tractors with an extra large root system.

SPREADING YEW

HICKS YEW

A typical view of evergreens as we grow them at Brown Deer. Both of these varieties are available in quantity and are priced to sell.

FLOWERING SHRUBS

We grow a wide assortment of shrubs in both the old, as well as the newer and unusual varieties. Our cold storage sheds permit us to keep these plants dormant longer in the spring season and are always available for immediate shipment or pick-up.

9160 N. Green Bay Road

PHONES

Office.....Flagstone 5-8525
Area Code 414
Ralph Petranek....Night Calls
CHestnut 2-0708 (Thiensville)

HOURS

Monday thru Friday: 7A.M. to 4:30 P.M.
Saturday: 7A.M. to Noon

TERMS OF SALE

Nursery stock is offered subject to prior sale, no warranty expressed or implied. We exercise great care to keep varieties true to name and will replace, upon proper proof, any nursery stock that may prove otherwise, or to refund the amount paid, but it is mutually agreed that we shall at no time be liable for any amount greater than that paid for the nursery stock in question.

CREDIT

Is extended to those firms who have established credit with us. These accounts are due in thirty days from date of invoice.

Should you wish to establish credit with us, please furnish two or three references, active, preferably in the trade..allow 7-10 days for processing.

TERMS ARE NET -No Discounts are Allowed.

PAST DUE ACCOUNTS

Six (6%) interest charged on all past due accounts.

PACKING CHARGES

Evergreen Liners -- No Charges

Bare Root Stock -- Packing at cost.

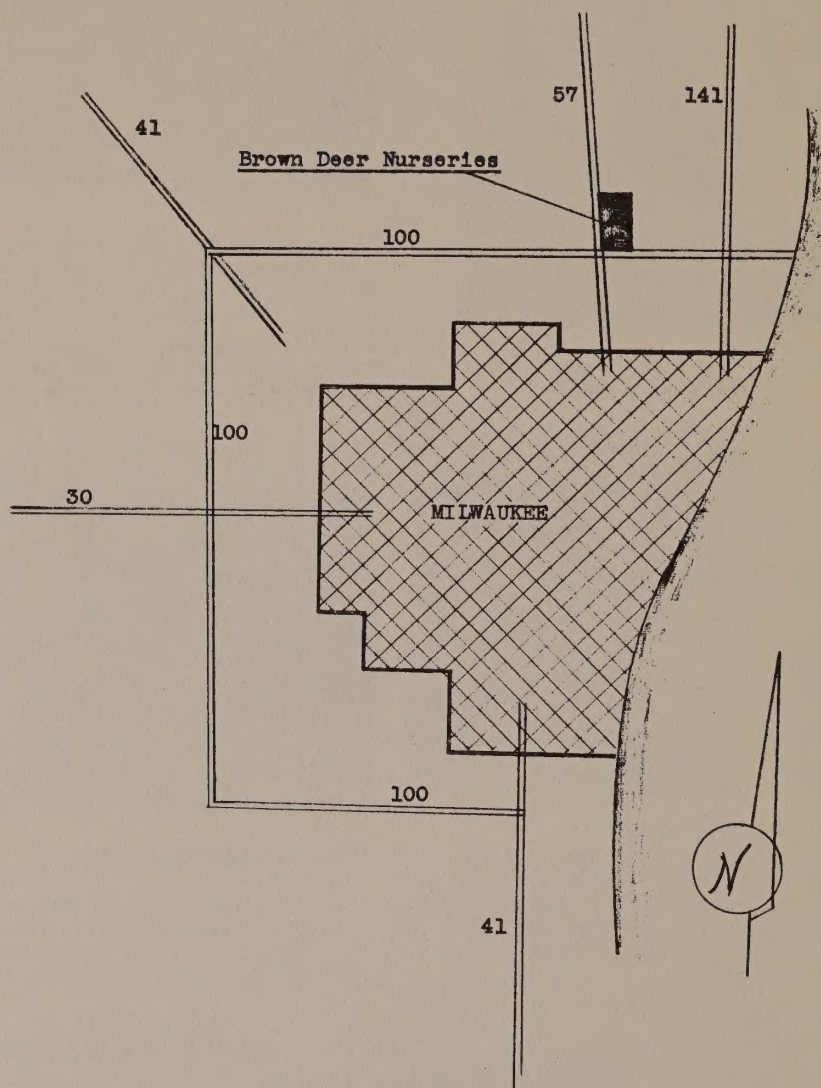

Balled & Burlapped Stock -- SHIPMENTS
VIA COMMERCIAL CARRIERS.

On these orders, our trucks must travel into the congested central and south sections of Milwaukee. (A distance of 12 to 18 miles) Due to the high expense of making this connection, we cannot accept orders for less than \$100. Stock will be placed in bushel baskets, securely tied, at a cost of \$.60 per unit.

TRUCKING

Our trucks can make deliveries anywhere within a radius of 125 miles of the city of Milwaukee. The following rates are typical of a full load and one stop. Combination loads are usually available to all points within this area. Rates are pro-rated according to the space occupied with a small additional charge for each stop. (approximately \$3.00)

Appleton	\$20.00	Manitowoc	18.00
Beaver Dam	12.00	Oshkosh	18.00
Fond du lac	13.00	Racine	9.00
Green Bay	23.00	Sheboygan	12.00
Janesville	17.00	Watertown	10.00
Kenosha	11.00	Waukesha	6.00
Madison	16.00	West Bend	6.00

WE SELL AT WHOLESALE ONLY

Your retail customers are welcome to visit our nursery in selecting stock, provided that someone from your firm accompanies them. We do not have personnel available to provide this service.

BALLED & BURLAPPED EVERGREENS

JUNIPERS - SPREADING

Pfitzer Ours are well sheared, full bodied. Dense green foliage.

Size	Each 1-10	Each 10-25	Each 25-100
15-18"	\$3.25	\$3.00	\$2.75
18-24"	4.00	3.75	3.50
24-30"	4.75	4.50	4.25
30-36"	5.75	5.50	5.00
36-42"	7.00	6.50	-

Hetzi Similar to Pfitzer in most respects except that foliage is a light blue color.

Size	Each 1-10	Each 10-25	Each 25-100
15-18"	3.00	2.75	2.50
18-24"	3.75	3.50	3.25
24-30"	4.50	4.25	4.00
30-36"	5.25	5.00	4.75

Pfitzer compacta (Armstrong variety) A very compact type of pfitzer. Good green foliage requires little shearing.

Size	Each 1-10	Each 10-25	Each 25-100
18-24"	5.00	4.75	4.50

Meyeri A most unusual variety; bluish color during the summer, purplish blue during winter. Informal upright habit of growth.

Size	Each 1-10	Each 10-25	Each 25-100
15-18"	4.50	4.25	4.00

Andorra A low creeping variety. Bluish green foliage in season, purplish blue during the winter. Usually grows only about 8 to 12" high. Plants are compact and well sheared.

Size	Each 1-10	Each 10-25	Each 25-100
15-18"	3.90	3.65	3.40
18-24"	4.50	4.25	4.00

Sargent Another low creeping variety similar to Andorra. Foliage is green the year around. Somewhat slower in growth than Andorra.

Size	Each 1-10	Each 10-25	Each 25-100
12-15"	3.35	3.10	2.85
15-18"	4.40	4.15	3.90
18-24"	5.25	5.00	4.75

JUNIPERS - PYRAMIDAL

Dundee (virginiana) Pyramidal in form; dense bluish green foliage in summer, purplish during the winter.

Size	Each 1-10	Each 10-25	Each 25-100
2-3'	5.50	5.00	4.75
3-4'	7.50	7.00	6.75

Canaerti (virginiana) Darkest green foliage of all the Junipers and holds this color the year around.

Size	Each 1-10	Each 10-25	Each 25-100
3-4'	7.50	7.00	6.75
4-5'	8.50	8.00	-

Glaucia (virginiana) Noted for its outstanding silvery blue foliage the year around.

Size	Each 1-10	Each 10-25	Each 25-100
3-4'	8.00	7.50	-

Keteleeri (virginiana) Another good variety for year around green foliage. Somewhat lighter textured foliage than the other junipers.

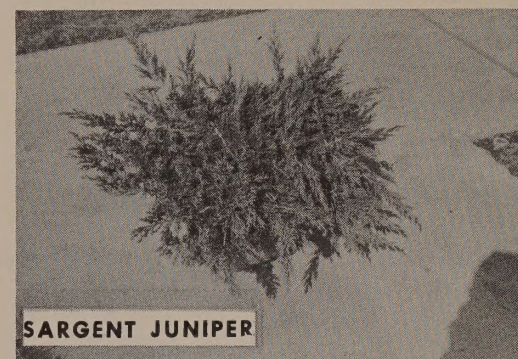

Size	Each 1-10	Each 10-25	Each 25-100
2-3'	5.00	4.75	4.50

Densa glauca (chinensis) This is the compact chinese columnar juniper, noted for its very compact habit of growth. Good green foliage with a tint of blue. Exceptional cash and carry sales appeal.

Size	Each 1-10	Each 10-25	Each 25-100
2-3'	\$5.25	\$4.75	\$4.50
3-4'	7.00	6.50	6.25

HETZI JUNIPER

SARGENT JUNIPER

PINE

Mugho A dwarf, globe variety that is always attractive and very hardy.

Size	Each 1-10	Each 10-25	Each 25-100
12-15"	3.75	3.50	3.25
15-18"	4.25	4.00	3.75
18-24"	5.00	4.75	4.50

Austrian (nigra) One of the best upright growing varieties for Wisconsin.

Size	Each 1-10	Each 10-25	Each 25-100
30-36"	6.50	6.25	-
36-42"	7.50	7.25	-

FIR

Douglas Resembles Spruce but needles are shorter and much softer. Color is light green with tinge of blue.

Size	Each 1-10	Each 10-25	Each 25-100
30-36"	\$8.00	\$7.50	\$ -
36-42"	10.00	9.50	-
42-48"	12.00	-	-
4-5'	15.00	-	-

SPRUCE

Black Hills

Size	Each 1-10	Each 10-25	Each 25-100
18-24"	2.75	2.65	2.55

Colorado Green

Size	Each 1-10	Each 10-25	Each 25-100
30-36"	5.50	5.25	5.00
36-42"	6.50	6.25	6.00

BALLED BURLAPPED EVERGREENS

Size	Each 1-10	Each 10-25	Each 25-100
------	--------------	---------------	----------------

JAPANESE YEWs -TAXUS-

PYRAMIDAL

Upright Japanese Yew (Capitata)

Certainly the most versatile upright evergreen. Can be easily sheared and kept to desired size. Will grow well in shade. Dark green foliage. Ours are exceptionally heavy and well sheared.

15-18"	6.50	6.25	6.00
18-24"	7.75	7.50	7.25
24-30"	9.00	8.75	8.50
30-36"	11.50	11.25	11.00
36-42"	13.75	13.50	13.25

SPREADING

Cuspidata

Spreading type, bushy, easily trimmed and probably the hardiest of all the Taxus.

12-15"	3.75	3.50	3.00
15-18"	4.75	4.50	3.90
18-24"	5.75	5.50	4.90

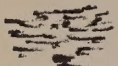

Cuspidata (Heavy, sheared Specimens)

15-18"	6.00	5.75	5.50
18-24"	7.25	7.00	6.75

Cuspidata nigra

A good compact spreading variety with exceptionally dark green foliage.

15-18"	6.00	5.80	5.50
--------	------	------	------

Densaformis

As its name suggests, a compact dense form.... resembling the intermedia varieties.

12-15"	4.75	4.50	4.25
15-18"	5.75	5.50	5.25
18-24"	7.00	6.75	6.50
24-30"	7.75	-	-

Brevifolia (Dwarf Japanese Yew)

An exceptional variety of the dwarf type...ideal for planters and for locations where area is very limited.

12-15"	6.00	5.75	5.50
15-18"	6.75	6.50	-

Wardi (Dwarf Japanese Yew)

Another of the dwarf types. This one has a more spreading habit than brevifolia.

12-15"	4.00	3.75	3.50
15-18"	4.75	4.50	4.25

Browni

Another of the versatile yews... noted for its uniform compact growth. Well adapted to shearing into a globe form.

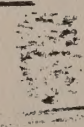

15-18"	5.00	4.75	4.50
18-24"	6.50	6.25	6.00

COLUMNAR

These forms lend themselves well to hedges and accent points where a pyramidal form of Taxus is not wanted. Compact and dark green foliage.

Hatfield

15-18"	4.75	4.50	3.90
18-24"	5.50	5.25	-

Hicks

15-18"	4.75	4.50	3.90
18-24"	5.50	5.25	-

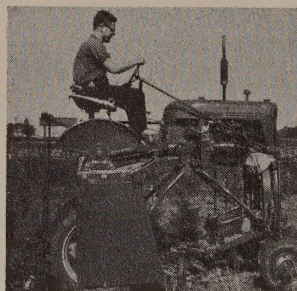

SPREADING YEW

HATFIELD YEW

This custom-made high clearance tractor is designed to cultivate the larger shrubs and evergreens....such as the block of Pyramidal Arborvitae pictured below.

PYRAMIDAL ARBORVITAE

Size	Each 1-10	Each 10-25	Each 25-100
------	--------------	---------------	----------------

ARBORVITAE -THUJA-

Another family of very useful evergreens. All of them will take partial shade as well as full sun. Attractive foliage that lends itself well to shearing. Used as accent plants or in screening plantings where year around privacy is desired.

As for our quality, it's good...as good or better than you will find anywhere.

Pyramidal

30-36"	3.25	3.00	2.35
36-42"	3.75	3.50	2.90
42-48"	4.50	4.25	3.60
4-5'	5.50	5.25	-

Dark Green (Nigra)

30-36"	3.25	3.00	2.35
36-42"	3.75	3.50	2.90
42-48"	4.50	4.25	3.60
4-5'	5.50	-	-

Siberian (Wareana)

24-30"	3.75	3.50	-
30-36"	4.50	-	-

Globe (Woodwardi)

12-15"	2.50	2.25	1.90
15-18"	3.00	2.75	2.25
18-24"	3.75	3.50	3.00
24-30"	4.50	4.25	-

"JUNIOR SIZE EVERGREENS"

(Ideal for Cash & Carry Sales)

IN KEIDING POTS

		Each 10-25	Each 25-100	Each 100-250
Juniper pfitzer	10-12"	\$1.25	\$1.10	\$.95
Juniper hetzi	8-10"	1.00	.85	.75

SHADE TREES - BALLED IN PEAT MOSS

LIGHTWEIGHT .. PROFITABLE

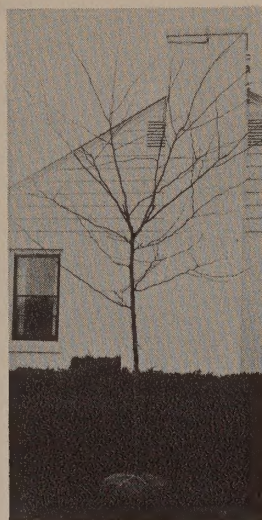

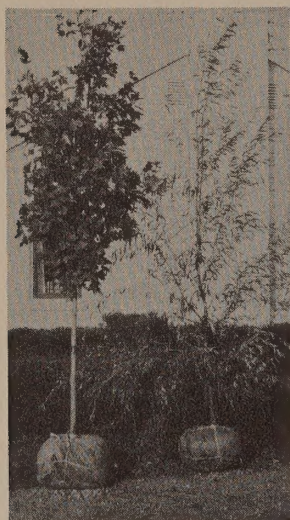

OUR REGULAR GOOD QUALITY SHADE TREES

BALLED AND BURLAPPED IN PEAT MOSS

LIGHT WEIGHT *** ONE MAN CAN LIFT

PLASTIC WRAPPING AROUND BALL

NO WATERING FOR 60 DAYS

Now you can economically stock and sell caliper size shade trees in the spring of the year. No more messy healing in...our plastic wrapping eliminates watering during the months of April and May. After this period either cut the plastic on the top of the ball, (and of course cut holes in the bottom to provide drainage) or remove the plastic and heal the ball in peat moss or other mulching material. The burlap is treated and will easily last thru the summer months. We will pre-trim all top branches where necessary. DUE TO THE BULKY NATURE OF THESE TREES.....DELIVERIES WILL BE MADE IN LATE MARCH BEFORE OUR REGULAR DELIVERY SEASON STARTS.

------	--------------	---------------	----------------

PRIVET_LIGUSTRUM

Amur (Hedge Type)
2-3' \$.25 \$.23 \$.20

Regel
A low dense spreading form.
One of the better small
plants available.
15-18" .45 .40 .35
18-24" .55 .50 .45
24-30" .65 .60 -

Lodense
Very compact and dwarf.
Ideal for low hedge.
9-12" .35 .30 .25
12-15" .45 .40 .35
15-18" .55 .50 .45
18-24" .65 - -

HONEYSUCKLE_LONICERA

Dwarf Honeysuckle (nana Claveyi)
12-15" .35 .30 .25
15-18" .40 .35 .30
18-24" .50 .45 .40
24-30" .60 .55 .50

Morrow
Arching spreading habit.
Orange fruit.
18-24" .45 .40 -
2-3' .55 .50 -
3-4' .65 .60 .55

Xylosteum (Intermedia Honeysuckle)
Very similar to dwarf
honeysuckle. Red fruits
and will grow to 5-6'.
Very compact.
2-3' .55 .50 .45
3-4' .65 .60 .55

Zabeli (True Red Honeysuckle)
Red flowers...red fruit.
Dark green foliage and
compact. Grows to about 8'.
2-3' .55 .50 .45
3-4' .70 .65 .60

Pink (Tatarica rosea)
Larger grower..pink flowers.
18-24" .45 .40 -
2-3' .55 .50 .45
3-4' .65 .60 .55

MOCKORANGE_PHILADELPHUS

Coronaria (Sweet Mockorange)
Matures at 9'. Very
fragrant and rapid grower.
Old fashioned mockorange.
24-30" \$.45 \$.40 \$.35
2-3' .55 .50 .45
3-4' .65 .60 .55

Virginal (Double Mockorange)
Always in demand with its
large double white flowers.
2-3' .75 .70 .65

Size	Each 1-10	Each 10-25	Each 25-100
------	--------------	---------------	----------------

NINEBARK_PHYSOCARPUS

Dwarf Ninebark (Monogynus)
Dwarf...compact.
15-18" .30 .25 -
18-24" .40 .35 .30
2-3' .50 .45 .40

Common Ninebark (Opulifolia)
vigorous grower.
Does well in shade.
18-24" .45 - -
2-3' .55 .50 .45
3-4' .65 .60 .55
4-5' .75 .70 -

Yellow Ninebark (Opulifolius aurea)
Similar to Common Ninebark
but with golden leaves.
15-18" .35 .30 -
18-24" .45 .40 -
2-3' .55 .50 -

POTENTILLA

Lemon drop (fruticosa)
18-24" .90 .85 .80

JET BEAD_RHODOTYPOS

Kerrioides
White flowers..white fruit.
Good in shade. Compact.
18-24" .40 .35 -
24-30" .50 .45 -

BUCKTHORN_RHAMMUS

Common (Cathartica)
Light green foliage. Large
grower. Black fruit.
18-24" \$.40 \$.35 \$.30
2-3' .50 .45 .40
3-4' .60 .55 .50

Glossy (frangula)
A very handsome shrub with
glossy green foliage. Pale
yellow flowers. Red to black
berries. Holds foliage very
late in Fall.
3-4' .75 .70 .65

SUMAC_RHUS

Fragrant (Aromatica)
Small spreading habit.
Excellent Fall color.
15-18" .50 .45 .40
24-30" .60 .55 -

Copallina (Shining Sumac)
18-24" .50 .45 .40
2-3' .60 .55 .50
3-4' .70 .65 -

CURRENT_RIBES

Alpine (Alpinum)
Still one of our best hedge
plants. Dark green foliage.
Stands shade well.
15-18" .75 .70 .65
18-24" .85 .80 .75

Golden Currant (Aureum)
Medium shrub. Yellowish
foliage. Good Fall color.
2-3' .50 .45 .40
3-4' .60 .55 .50

CLEMATIS

Our Clematis prove themselves "Best Sellers" year after year...This year we are using extra heavy plants (which accounts for the price increase of .15), and whereas the quality we previously had was good, These are going to be even better. They are staked 18" high in 5" Keiding pots, a colorful tag attached to each plant. Available after May 1.
